Summary of reasons for classification:

The computer printout entitled *30312\C\My Documents\My Pictures\3749.jpg* is classified as: Objectionable.

The publication is a static image computer printout presented in colour on an A4 size sheet of paper. The publication tends to promote and support the exploitation of young persons for sexual purposes and promotes and supports the use of urine in association with sexual conduct. It does this by presenting two naked teenage girls, one of whom is depicted urinating in a sexualised manner.

The classification of this publication interferes with the freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990. This outcome is consistent, however, with Parliament's intention in the Films, Videos, and Publications Classification Act 1993 that publications that tend to promote and support the exploitation of young persons for sexual purposes and to promote and support the use of urine in association with sexual conduct are objectionable.
